

YALAMARTHI RAMTEJA

B.Tech Student | Computer Science & Engineering | Aspiring Tech Professional
9059163662 | ramtejayalamarthi@gmail.com | Tadepalligudem, Andhra Pradesh

CAREER OBJECTIVE

Motivated and detail-oriented B.Tech (Computer Science & Engineering) student with hands-on experience in Machine Learning, Deep Learning, and UI/UX Design. Completed an industry internship applying ML/DL techniques to build an AI-powered phishing email detection system. Eager to contribute analytical thinking, technical skills, and a strong learning mindset to real-world software and AI-driven projects.

EDUCATION

Sasi Institute of Technology and Engineering

2023 – 2027 (Expected)

B.Tech – Computer Science & Engineering | CGPA: 7.8

TECHNICAL SKILLS

Programming Languages: C, Python

Machine Learning & AI: Machine Learning, Deep Learning, Model Building, Data-Driven Problem Solving

Web Technologies: HTML, CSS, JavaScript

Design Tools: Figma (UI/UX Design)

Areas of Interest: Machine Learning, Cyber Security, UI/UX Design

INTERNSHIP / WORK EXPERIENCE

Machine Learning & Deep Learning Intern — Huebits Tech Pvt. Ltd.

08 June 2026 – 11 July 2026

- Built “AI-Powered Phishing Email Detection”, a machine learning model to identify and classify phishing emails.
- Applied core ML/DL concepts including data preprocessing and model evaluation to improve detection accuracy.

UI/UX Design Intern — PurpleLane

- Gained practical experience designing interfaces and prototypes using Figma.
- Collaborated with cross-functional teams to deliver user-centred design solutions.

PROJECTS

AI-Powered Phishing Email Detection

Huebits Tech Pvt. Ltd.

Tools/Skills Used: Python, Machine Learning, Deep Learning

- Developed a machine learning-based system to automatically detect and flag phishing emails.
- Applied data preprocessing and feature extraction techniques to improve model performance.
- Evaluated model accuracy and refined the approach to strengthen phishing detection reliability.

Pet Health Care Application – UI/UX Design

Tools Used: Figma

- Designed an intuitive and user-friendly UI/UX prototype for a Pet Health Care application.
- Created wireframes, user flows, and high-fidelity mockups to improve user experience for pet owners.
- Focused on accessibility, clean visual design, and seamless navigation across screens.

CERTIFICATIONS & COURSES

- Machine Learning & Deep Learning Internship — Huebits Tech Pvt. Ltd. (Certificate ID: HUEBITS/AI/2026/686)
- UI/UX Design — PurpleLane
- Ethical Hacking — Cisco Networking Academy

- Quantum Computing — QBiTech

SOFT SKILLS

Team Collaboration • Communication Skills • Planning & Time Management • Problem Solving

STRENGTHS

- Good communication and interpersonal skills
- Hard-working, responsible, and self-motivated
- Strong time management and organizational ability

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
